

Policy Statement for:		Environmental		
Serial No	IMS PS 002	Author/Reviewer	AP	
Revision	11.0	Date of review	14/05/24	

ACS Construction Midlands Limited (from this point referred to as "the Company" is committed to meeting industry best practice in environmental performance. The company recognises that its activities will have some impact on the environment and will endeavour to minimise any impact where reasonably practicable.

The Company believes good environmental performance helps ensure good business performance.

In pursuit continuous improvement, the Company will: -

- Endeavour, as a minimum requirement, to conduct our activities within the law and the requirements of statutory regulations
- Develop and promote policies and procedures that minimise, where practical, the detrimental impacts that our activities have upon the environment
- Promote and pursue sustainability
- Encourage the development of suitable methods which promote environmental protection and /or minimise their environmental effects.
- Encourage our contractors and suppliers to pursue best practice and to apply environmentally friendly solutions
- Aim to provide education and training for our employees, to help them include environmental considerations in all the aspects of their work solutions
- Attempt to make efficient use of natural resources and minimise, where possible, our use of utilities and production of waste
- Dispose of our waste in accordance with waste management requirements
- Respect the environmental demands of the communities in which we operate and society in general, where practical
- Ensure continual environmental improvements

This policy and associated procedures shall be reviewed annually or as a result of changes in legislation, scope or performance.

Signed on behalf of ACS Construction Midlands Limited:

Sean Power  
Managing Director
